Bible Class Lesson Eleven:

GROWING YOUR SPIRIT SOUL

Chapter Two

Know Love is Action

Key Scripture:

“And now abideth faith, hope, charity (love), these three; but the greatest of these is charity (love).”

1 Corinthians 13:13

“And thou shalt love the Lord thy God with all thy heart, and with all thy soul, and with all thy mind, and with all thy strength: this is the first commandment.”

Mark 12:30

Lesson Objective:

To increase our spiritual growth by increasing our love for Father God and one another through daily interactions which show God's love through our actions and conversations. This lesson shares with us how we must differentiate between bio-chemical physiological physical responses and spiritual urgings, our spiritual heart, and the love of Father God and Father God Himself existing in us as an expression of His Love for us and our love for one another.

Lesson:

Elohim is Action

(continued)

Love is God. (continuing) Love is Father God and not a bio-chemical reaction, so do not get the two confused. There was no flesh before Creation; only Spirits—no human heart or human brain to pour in the chemicals which give us humans that great emotional uplift from dopamine, serotonin or other human hormones. Love is God. God is Love. Love is action that reveres our Father (worship, adoration, praise, communion); action that is obedient to the Father (submission, service to others, obeying His laws, releasing to Him), that serves Father (benevolence... empathy... charity towards others) and action that is affectionate towards our heavenly Father (faith, sympathy, love, forgiveness, compassion of Christ, Christ confidence) and all of His Creation.

It has been said that the battle for the soul is in the heart. I say, "No—it is in the mind and spreads to the brain and the rest of the body." Your mind controls your brain—your brain controls your body. Remember, the brain controls the heart, the tongue, and all the organs. The heart is a physical organ which circulates blood, not some metaphysical, cataclysmic-producer of emotions. This is so important to remember when you hear "demon-speak" saying, "Follow your heart," which is a lie from hell—you follow the Teachings of Jesus. This is why (for victorious living): **John 15:7-9**, ⁷ **If ye abide in me, and my words abide in you, ye shall ask what ye will, and it shall be done unto**

you. ⁸ Herein is my Father glorified, that ye bear much fruit; so shall ye be my disciples. ⁹ As the Father hath loved me, so have I loved you: continue ye in my love."

In the brain, the bio-chemical responses to environmental stimuli, affects, and effects the entire body through chemistry which the brain signals to go this way and that way throughout our bodies. When that chemistry hits the heart, you feel it. Sometimes, when that chemistry hits your legs they buckle; or your lips, they quiver; or hits your eyes, they tear up. Nevertheless, ladies and gentlemen, those are bio-chemical responses, which happen daily in the body.

Here is the kicker. Remember, time is a construct created by Father God for humanity. **This is a spiritual key:** God does not need time, He is time—all time (Alpha and Omega time). In the beginning, at Alpha time when there were only Spirits, there were no biological creatures, no brains, no chemistry, no flesh, no hearts; only Spirits. Here is **another Spiritual key:** However, Father God in His Infinite Wisdom, wanted and wants to be with us all the time, therefore He placed Himself in us as the ability to love—in our souls; and time as the ability to experience Him daily, in a unit of measure. When you love, you express your Heavenly Father’s love through you to others; you express your Heavenly Father’s love in you to others. Your love is an expression of your Heavenly Father to His Creation; and that love powers our ability to defeat evil in our lives.

QUESTIONS:

1. Why is love (charity) greater than hope or faith?
2. What are the benefits of loving Father God with all your heart, mind, soul, and strength?
3. Explain why love is not a bio-chemical reaction?
4. What is the importance of knowing there was no flesh before Creation?
5. Explain how worship, adoration, praise, and communion is an expression of love towards one another?
6. Explain how submission, service to others, obeying His laws, and releasing oneself to Him express love to fellow humankind?
7. Explain how benevolence, empathy, and charity towards others is an expression of your love towards Father God?
8. Explain how faith, sympathy, love, forgiveness, compassion of Christ, and Christ confidence is an expression of your love towards God?
9. Why is it said that, "Follow your heart," is a lie from hell?
10. What expression of love is **John 15:7-9** speaking.
11. Explain a bio-chemical, physiological response?
12. How does love empower us to defeat evil in our society?
