*Love is an action, not an emotion. Love is an action created from
your thoughts and is acted out in your choices and decisions.*

"He that loveth not knoweth not God; for God is love."

1 John 4:8 (KJV)

Father God is spirit. Father God is love. Love is spirit. We have been taught by the antichrist that love is an emotion; something you feel. Pinch yourself. Go ahead and pinch yourself. That is a feeling. A feeling is something you feel. Spirit is something you do or an action which is done.

Let me say that again for those who missed it. A feeling, like touch is something you can physically feel. Key words here are: physical and feel. A kiss, a pinch, a lick of the ice cream cone, a muscle twitch, an orgasm, a cramp, the pain of arthritis; these are examples of things that you and I feel. They are feelings—not emotions. The antichrist, the devil, evil and for those who just cannot get themselves to say it—shadows or negative persuasions—have conditioned us, socialized us to believe love is a feeling. It is not. Father God is not a feeling; He is action. The universe was created in His Acting—His creating it. His action—His Spiritual Action; not in Him physically feeling Himself nor in His emoting emotion.

I will digress for only a moment here. Emotions are those things which we emote, i.e., an action or circumstance happens, we respond physiologically by our bodies producing in the brain, chemistry which increases our heart rates, temperatures,

perspiration and other bodily functions. Our brain based on past conditioning, television conditioning, parental or environmental conditioning, moves us through our decisions, our choices, to respond based on how we have been taught to respond. These responses we have been calling emotion: jealousy, envy, love, hate, happiness, joy, etc. We feel like (there's that word again—feel), we believe that we are emoting these sensations which we call emotion. They are not emotion at all—they are you and I reacting to stimuli. We have to learn to react to stimuli with an action called—LOVE.

Love is action. Love is an action. Love is an action made from your choice. Love is action derived from your decision. Love is an action created from your thoughts and is acted out in your choices and decisions. Feelings is that which touches your flesh. Action is spirit (not a demon or an Angel). Spirit is action; the spirit of a thing is the action of it. The spirit of a person is the action of a person. Example: A person has integrity. They do not steal office supplies from work, nor lie on other employees. This action is spirit. The spirit is integrity. Did you understand that example? The person has integrity and they act it out.

Please note this: Life and everything in it has as its origin spirit. From spirit comes the earthly. From the Spirit of Father God came other spirits then humankind—the earthly. So, always remember, if there is a physical manifestation, it has a spiritual origin. If there is a spiritual manifestation, it has a physical fingerprint or action. In other words, a person with a schizophrenic spirit will have a physical chemical imbalance in their brains, which would be the physical fingerprint and their acting out would be the physical manifestation of a spirit of schizophrenia. Read it again if you did not understand or receive those words, but first ask The Messiah (**MSSH**) for understanding.

Let's take this a step further—into the spirit realm. Example: A woman likes to sleep around; or a man. This person has the action of an adulterer or a whoremonger. The person spends time and energy sleeping around; and finding someone with whom to sleep around. This time and energy amounts to spirit, i.e., a spirit in a person moving them to act out the spirit's desire and need to

sleep around. This is a spirit of adultery or fornication or a spirit of prostitution or any number of spirits in that vain of action.

Let's move on. So we want to model our behavior from our Messiah (**MSSH**). He is and was a man of love. He responded to stimuli with an action of love. You can call it emotion all you want, but love is action. Someone can be standing in front of you who hate your guts. You can stand there all day and try to emote love—to project love from your heart—to project love from mind—to project love from your spirit soul. But until you pick up your hands and do something in love (give them something they do not expect and something they want or like) – until you say something out of your mouth that demonstrates you love them (this something probably has to be something they won't expect but will love to hear)—until your feet moves towards them with your body demonstrating an action of love, they will probably continue in their hatred towards you.

By the way, this person will probably continue in the hatred or distrust of you anyway until you deal with that spirit that is moving them to act and think and live they way they are acting, thinking, and living. That was some salt for your life.

Let's continue.

“Sensing” or “Knowing.” The “feelings” other than being physically “touched” which most people experience and which they believe are emotions are really spiritual “sensing.” This is a very real characteristic of Father God which we experience daily. We experience it daily because It is a power which we can use to change our worlds; and the world as a whole daily by making every response (emotion) and choice (decision) be a positive one.

This “sensing” or “knowing” is really “illumination” which comes from an Angel or any number of different members of your Heavenly Family (not necessarily a deceased family member—but possibly from one of the millions of Saints who have gone on to be with the Lord Jesus (Emmanuel (**MMNL**)); or Cherubims, Seraphims, Archangels, or from the “evil-side” of life or from the “selfish-side” of life. An example of “evil-side” or “selfish-side”

spiritual “sensing” is fleshly lust or fleshly desire for a person, a piece of clothing, a house or a car. The lust is often considered an emotion; more often than not people assume it is from Father God, but instead it is from the evil ones. This is a “mammonite” spiritual trap. I will address mammonites in another book and on the eBlessings web site.

You may “sense” or “feel” danger. You may say that you “feel” or “sense” the presence of evil. Someone may “sense” that something bad “is going to” happen to one of their loved ones. People often say, “I feel like something good (or bad) is going to happen,” rather than saying more correctly, “I sense that something good (or bad) is going to happen.” More correctly than that and how we should be speaking aloud into our worlds is this way. “The Lord is warning me that something good (or bad) is going to happen if I make this decision or that one.” Or “The Lord rebuke that negative thought or emotion because it is from the evil ones. Messiah rebuke thee. Father God protect my loved ones from hurt, harm, and danger. Thank You Father. I praise You for it Father.”

A negative thought or a positive thought can change, transform itself into a negative or positive emotion which in turn moves you into actions and more negative or positive thoughts—and more actions; you should see how this is an escalating cycle of “illuminations” – thoughts—“ sensing” (emotions)—and actions. They can escalate positively or negatively—it is your choice. Make your choices godly ones.

LOVE
