### EBLESSINGS INTERNATIONAL MISSION IN PAKISTAN

**Re:** Appeal for providing food to the hungry flood victims

eBlessings' International in Pakistan has been preaching the Word of God and now in the flood, providing food to the hungry, and now we have plan to give food (cooking oil, sugar, and pulses (like beans) and rice.) A state of emergency has been declared by one provincial government after three days of rain caused widespread devastation, in some places sweeping entire villages away. Roads, bridges, crops and livestock have been destroyed as rivers have burst their banks and inundated vast areas, with Balochistan in the south west and Punjab also affected.

Today in our board meeting we decided to focus on providing food to the Christian victims and Muslims as well. There are thousands of Christian families, still with no one to help them. and I heard that rescue teams are not ever helping the Christians, only the Muslims.

In the Rajan pur district of Punjab, more than 2,200 families have been affected by the flooding and 11,000 acres of crops have been destroyed. With so many people dependent on agriculture, the destruction of crops and livestock will leave many survivors facing hunger and uncertainty. The Donations you send, will allow us to purchase food and will provide to the hungry Christians and Muslims also, with will not be prejudiced. I meet a country Disaster coordinator, one of great relief organizations in Pakistan, and he told me that there no one is helping the Christian families. After that, we visited the damaged areas and found there much destruction and many hundred, hurt and sad people, so we decided to take part for providing food.

**OUTREACH:** Heavy monsoon rains in northern Pakistan have caused floods which have killed at least 1,400 people and left hundreds of thousands more injured and homeless. For each family we will provide food. We will give the printed salvation message in our national language URDU and also tell them about Christ Jesus in our general preaching. We will also provide one Holy Bible for each family as we provide them food. After this visit there we will have a follow up visit in that area. And they can also visit our office and it will attempt to establish relationships with them and continue to preach to them.

Right now people have nothing, but many have barely saved their lives. They are hungry and need food. Many are working for their rehabilitation and doing their role, but our contribution is to provide them food.
