Christian denominations come now together in love and unity.

Neither capitalism nor economic competition propagates love or unity.

Follow Christ's example of community.

“²⁰ And he answered and said unto him, Master, all these have I observed from my youth. ²¹ Then Jesus beholding him loved him, and said unto him, **One thing thou lackest: go thy way, sell whatsoever thou hast, and give to the poor, and thou shalt have treasure in heaven: and come, take up the cross, and follow me.** ²² And he was sad at that saying, and went away grieved: for he had great possessions. ²³ And Jesus looked round about, and saith unto his disciples, **How hardly shall they that have riches enter into the kingdom of God!**”

MARK 10: 20-23 (KJ)

Tribalism. Part Two. Black Bourgeoisie. See Part One, Saturday 13 November 2010. Will the real Fat Cat Blacks please stand up. Middle of the road, middle-class and lower-class African-American Blacks often complain about white racism while ignoring racism or classism or economic biases from Fat Cat Blacks. These Fat Cat Blacks are so green that they are no longer black. They are Green Blacks. You gotta smile at that. Say it fast three times.

They see green. I see Christ. When President Obama got elected, I did not go buck wild crazy and cry like an uninformed baby, because I did not see Christ in it all. Christ does not kill babies.

These Fat Cat Blacks adhere to the party line, political correctness, and the status quo of the “termite” majority with almost total disregard for lesser blacks, but for Christmas when hearts are magically opened to giving. After Christmas, one may ask, “What happened to the love?” Fat Cat Blacks (FCB) often hire Whites, Mexicans, Asians, and other races other than there own due to that

negative psychological undercurrent flowing from a hidden, forgotten African gene which moves FCB's decisions away from hiring and working with their own.

I am not naive to the fact many African American blacks have the "tude"; that negative attitude which sounds like and looks like: "Hey, do not bother me even though I work here and am supposed to be helping you right about now, but hey, stop bothering me, can't you see I am on the phone here?" A smile goes here too. I have run into attitude and I am sure you have also. If you have not just keep on living.

Instead of dealing with these attitudes, i.e., helping their employees work more professionally, the "main street," "little education," and "housing project" blacks are not hired or looked down upon if they are hired. What ever happened to "Black Power," "I am black and I am proud," the "Civil Rights Movement," and blacks sticking together and helping one another. Uncle Tom blacks are a structural cornerstone of many "termite" organizations. Many black businesses do hire blacks, so I am not talking about you or anyone whose feet these shoes do not fit. And listen, I do not buy the lie from the "termite" community: "The best and the brightest need apply." Have you not realized that the best and the brightest has brought America to her economic knees. Yes, and it is not over yet, it is about one-fourth to one-third into the economic debacle. So you had better get ready for the worst of it, which is yet to come. Think the best and the brightest stole 7 trillion dollars from you and your children and your children's children.

I know a FCB family with a successful business. In their office are five people: three are black, and of that, two are the owners. They have a field crew of twelve; one of which is black. They have contractors working on their home; none are black--Mexicans. Do you think it is time to stop the black on black crime of not allowing blacks to participate in the economic pie? Time to stop the black on black non-support while the "termites" continue to take the entire world to hell in a hand basket? Do you think it is time for Fat Cat Blacks to help other blacks?—I mean, how many African-American athletes does it take to make an impact on the black community? If blacks in the sports would put their money in the black community instead of the pockets of prostitutes, maybe we can curb

the lack of education, employment, and hardship in the black community. Naw! Let's just celebrate and be a part of the white community and the hell with our community.

Does that sound like something you would like to do? Or have been doing? This year do life differently. Let us try to keep the money in the community like the Hebrews have learned to do. That means FCB investing in black communities by building grocery stores and other businesses in "main street" black communities. Isn't it time to stop "black on black" tribalism in America? Isn't it time to spread the love of Christ at home? Yes!

"Give, and it shall be given unto you; good measure, pressed down, and shaken together, and running over, shall men give into your bosom. For with the same measure that ye mete withal it shall be measured to you again." Luke 6:38 (KJ) Prepare for the Lord's coming!
