2012 May June Ministry Report

My Dear Friend Brother James Anthony Allen

May June Ministry Report. Part Two.

Program in Makwanpur

Nepal is divided into three major geographical landscapes. Plain of Terai at the south is very hot during summer, mountains are somewhat warm and High Mountain and Himalaya are cooler most of the time. We were in Terai in some parts in June. Heat really made us very difficult to minister to the disciples and to the children in Bishnu Moktan's Anugraha Church in Manahari. People live there without air Fan. Bishnu was one of our first Bible School students in 2007. He has a new Church today. Disciples in this small Church really wanted something.

Children ministry

We expected only few children in the children ministry for song, sweet, balloons, and game. But in moments there were more than hundred of children in this village and their parents gather around to receive sweets and balloons and see us how we preach the gospel to the Children. We told them Bible stories. Sweat in our body

overflowed from all parts but children were very passionate despite the heat. They wanted something. We do not have children gospel materials but we can produce it if we get sponsor. Many Churches in Nepal do not have Children materials.

Clothes distribution

We distributed clothes in June to the needy Children in Apostolic Church where Pastor Reuben serve. The Bible says give and it shall be given unto you. We are not rich but we can't close our eyes when we see naked. We give away clothes to the poor and needy Children in the Church and in the orphanage. Anyone can give us once used cloths and new. When you give they learn to give. Christian life is sharing life. We should be the channel of blessing to others. I personally want to thank all people in home and in abroad who made contribution of clothes for the sake of the poor. Poor people in Nepal are not able to purchase new clothes. Prices are increasing and it is making disturbance even to the leaders to concentrate in the ministry. Many Pastors and workers in Nepal has resigned because they are feeling pressure to feed their family and provide education. So this little effort of distributing clothes is a real blessing to Christian people in Nepal.

Program in Tatopani

We had very good program in Hindi Church in Tatopani. We had a message from the word of God and more then hundreds leaders and believers were gathered

there. Dilip Magar and Bigyan Shrestha, whom we support, are doing very good ministry there, leading people to Jesus, sharing the gospel through videos and Medias. Over the past years many were healed by prayer. Where there are lots of idol worshipers there is the reign of the dark. But through prayer many were healed and they were able to testify how Jesus healed them. It is a very good impact to others. People in this Church are always receptive to the gospel.
