### **Monthly Reports, Part One: December January and February 2010 Reports**

Dear Precious Friend James,

I am so glad that I am able to come back to you with ministry updates once again. Your prayer is most valuable to us. I remember you almost every day and give thanks to God for you. Yes, it is a privilege to know you. Together we do a great work for our God.

**I need a new Device.** The reason I could not send updates on timely manner was that I was busy going here and there to build the kingdom of God. I am praying for 3-in-1 device which should have camera, cell phone and email facility. A kind of an I-phone. I do not know if such device is in the world. If I have such device, I can be connected to you any time anywhere. This is my need. I will be in work place most of the time.

Motorbike ride

Village Evangelism

Laptop, Camera, Cell phone, Towel, Toothbrush, Bible, Bag, behind the back and a person behind and riding the motorbike in 120 Speedometer and going city to town and town to villages is really not only fun but also tiresome. But we enjoy doing this. If we take bus we don't know how many days it will take to reach destination, road block, strike, etc. Motorbike has helped me to travel anywhere in Nepal, even in the remote mountain where both sides of roads are filled with danger.

**Evangelistic Programs:** In December we had so many evangelistic programs around Nepal. Many local churches joined with us to reach their surrounding peoples with the gospel. We all have understood that Nepal can become a Hindu nation any time again. If it becomes a Hindu nation, than preaching publicly certainly will not be easy. If that happens, at that time we must be willing and ready to use any method to carry out the gospel. Gospel should not be stopped, if it stops many die without knowing Jesus.

**Evangelism:** We did many house to house visit and night evangelistic programs with gospel songs and message. People like to hear the songs rather than preaching. Is this the same in your areas? Riding the Bicycle, going village to village, to deliver the gospel is really very fun. Some get angry, some give threats, but most people are receptive. This is how the gospel is being preached in Nepal. Spiritual seeds are being sown every day in the hearts of the people. Thank you for your prayer.

**Revival Meetings in the Churches:** In January we had revival meetings and leadership seminars in many churches. We delivered inspiring messages to the Churches. We ministered to the sick with prayer and the sick recovered. To some of the Church, it was for the first time to organize a large meeting. Many people came and their faith was uplifted. The Gospel was proclaimed and many heard it. We ministered in three church in Kathmandu. In Eastern Nepal in the village, we ministered in Independent Church in Kerkha, Jewan Church in Urlabari, and Jyoti Church in Madhumalla. Many churches in Nepal have requested us to visit their Church and organize meetings in the future.
