## **INTRODUCTION**

Love, LOVE.

This book contains wisdom, knowledge, and understanding given by the Holy Spirit and written for modern, urban and rural societies. I speak from my own experience in this book and share with you, the reader what the Holy Spirit and Father God’s Holy Family has shared with me. When reading this work, the Holy Bible and any spiritual information, ask Father God, Christ Jesus or the Holy Spirit to give you ancient, present and future--wisdom, knowledge, and understanding and the mysteries with remembrance.

Father God’s virtues and attributes are in His creation. In His Infinite Emanation, He has embedded His virtues and attributes in us. In this series, I will refer to them as Sovereignities, since their divine nature covers regions of the earth. Sovereignities are Father God’s opposites of principalities, which are evil in spirit. This book will help us to activate and embody Father God’s Sovereignities in us. The series also refers to the “flesh soul” which is our carnal or

earthly nature and the “spirit soul” which is our spiritual or heavenly nature. The “flesh soul” describes: 1) our natural nature; humankind without the knowledge of Christ, and 2) humankind with the knowledge of Christ, but living within the power of one’s own will. The “spirit soul” describes humankind with the knowledge of Christ Jesus and living in the Will of Father God or attempting to do so in every aspect of their lives, not in their church lives only.

We are the embodiment of Father God, made in His image, not only physically, but also mentally and spiritually. We are limited in our capacity to be like Jesus because we limit ourselves. We limit ourselves with our lack of spiritual knowledge and with our natural choices. This book will show how we can overcome the desires of the flesh while allowing the Spirit of Father God within us to grow. It will allow us to grow our spirit as we redirect our focus away from the desires of the flesh. This book does not aspire to get us to turn our backs on the desires of our fleshly bodies, but to reassess the perceptions with which they have been directed for so many years and show us how to make better choices.

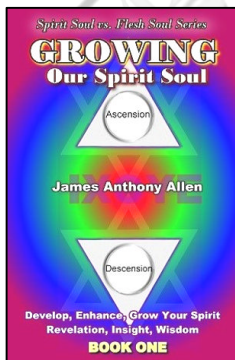

We have to direct our focus primarily to the purposes of Father God in our lives as directed by the example of Christ Jesus and watch them positively enhance the lives of those we touch. The information in this book is not purposed to get you to stop wearing lipstick, or to stop coordinating your corporate colors, or to stop purchasing designer suits, but is a helpmeet to get us to recognize what road our perceptions have lead us onto and make decisions which are Christ-centered.

Recognizing where we are is crucial to knowing how to act in the place in which we exist. Recognizing who we are is crucial to knowing how to act in the space of our existence and those who come into our space. Recognizing the times in which we live is crucial to allowing The Christ to direct our paths into the perfect path of His purposes for our lives and for the lives which we touch.

Every human on the planet will one day meet Christ. When that happens, their lives will never be the same again. As Christians, we must share with others the revealing knowledge, which the Lord Jesus Christ is sharing with us!

LOVE, Love.
