MISSION 4 SALONE MINISTRIES

BO
SIERRA LEONE
WEST AFRICA

MOTTO: WORKING TOGETHER TO MAKE DIFFERENCE

**GREETING FROM EXECUTIVE DIRECTOR
REV. PETER B. KAINWO**

Dear Beloved

Join me in the Transformation strive in this post war Sierra Leone. Sierra Leone is a small country in the West Coast of Africa with a total population of approximately million people. About 70% of Sierra Leone's population lives below the poverty line. There is high unemployment and underdevelopment – particularly as a result of the ten year civil war. The destruction of private and public infrastructure and the exodus of skilled people had a devastating economic effect on the country. Sierra Leone has been perpetually ranked at the bottom of the United Nations Development Programme Human Development Index (UNDP-HDI) for quite some time now. The challenge of overcoming poverty is intensified by rapid population growth and by the youth of the population. Consistently, high economic growth is needed to generate employment and meet social needs. Addressing poverty in all its forms is the central focus of all government and donor activities.

Since its inception in 1976, the Mission 4 Salone Ministries has been involved in the provision of different forms of support to various disadvantaged/vulnerable destitute children. As a Christian Institution, the Mission 4 Salone Ministries is particularly interested in working with children because of the compassion Jesus had for them coupled with the belief that children are the main-stay of the country's development.

With its determination to transform the lives of destitute/disadvantaged/marginalized children, the Mission 4 Salone Ministries is also involved in propagating the Christian faith. The organization is desirous to see that Christianity reaches the most remote corner of the country and that Jesus Christ becomes a household word. Even though Sierra Leone was the first country to be evangelized on the West Coast of Africa, the current reality is that approximately 65% of the population is Muslim, about 22% Christians and the remaining practicing various forms of African Traditional Religion with at least one Mosque in every rural community.

The Mosque/Church ratio in Sierra Leone is approximately 5:1. This situation is for more worse in the rural communities where the Mission 4 Salone Ministries is working. Over 80% of the inhabitants in the Mission 4 Salone Ministries operational communities are Muslim dominated areas. The Islamic religion/faith was further strengthened by the involvement of Islamic states is Peace Keeping Mission in Sierra Leone during the Rebel war.

Now that the war is over, let us join hands to rebuild this nation, rebuild these young lives. Join hands to take these kids off the street.

As the nation needs healing, its is time to forgives all and restore all that the devil has stolen.

Please help us to Love and Care for these children who are the future of tomorrow.

Thanks.

Who we are?

- This organization is an Interdenominational, National and Non-Governmental Christian organization that was established in 1976. This organization is registered with the Ministry of Social Welfare, Gender and Children's Affairs as a non-profit making and voluntary organization. As an organization, the Mission 4 Salone Ministries is dedicated to transforming the lives of destitute children from becoming national liabilities into becoming national assets. Since its inception in 1976, the Mission 4 Salone Ministries has been involved in the provision of different forms of support to various disadvantaged/vulnerable destitute children. As a Christian Institution, the Mission 4 Salone Ministries is particularly interested in working with children because of the compassion Jesus had for them coupled with the belief that children are the main-stay of the country's development.

How we work .

- We network with other agencies to achieve our set goal through outlined objectives
- We complement governments effort in the implementation of projects
